AMPIVIEW® Engrailed 1 (AS) DNP RNA Probes (Xenopus laevis) Set

AMPIVIEW® Engrailed 1 (AS) DNP RNA Probes (*Xenopus laevis*) are DNP-labeled RNA probes targeting the nucleic acid (DNA/RNA or RNA) for Engrailed 1 (EN1) for *in situ* hybridization in tissues and cells. The probes are formulated in a buffered formamide solution with hybridization enhancers.

A DNP-labeled RNA probe for the *in situ* hybridization (ISH) detection of African clawed frog Engrailed 1 RNA or DNA/RNA in cells and tissues

Handling & Storage

Use/Stability	Aliquot and store at -20°C. Under these conditions, products are stable until its expiration dates.
Handling	Allow contents to warm up to room temperature prior to use.
Short Term Storage	-20°C
Long Term Storage	-20°C
Shipping	Dry Ice

Regulatory Status

RUO - Research Use Only

Product Details

Application	ISH (in situ hybridization)
Application Notes	AMPIVIEW® Engrailed 1 (AS) DNP RNA probes (*Xenopus laevis*) have been designed to detect the nucleic acid for Engrailed 1 (EN1) gene in *Xenopus laevis* or African clawed frogs. AMPIVIEW® Engrailed 1 (AS) DNP RNA probes (*Xenopus laevis*) are conjugated with dinitrophenol (DNP) labels and have been optimized to produce clear results with Enzo's AMPIVIEW® anti-DNP linker and nanopolymner-based detection systems, POLYVIEW® PLUS, combined with HIGHDEF® chromogens and counterstain to produce clear results that can be visualized with a light microscope.
Contents	2 x 1 mL AMPIVIEW® Engrailed 1 (AS) DNP RNA Probes (*Xenopus laevis*) (2µg/mL) 1 x 2 mL AMPIVIEW® Hybridization Buffer (1X)
Technical Info / Product Notes	AMPIVIEW® Engrailed 1 (AS) DNP RNA Probes (*Xenopus laevis*) are optimized for detection of the nucleic acid (RNA/DNA or RNA) of African clawed frog's Engrailed 1 in FFPE tissues or cells with AMPIVIEW® anti-DNP linker, POLYVIEW® PLUS detection reagents combined with HIGHDEF® chromogens and counterstains (linker and detection solutions not included). Dilutions and concentration optimization can be done with AMPIVIEW® Hybridization Buffer (1X), included in this set.
