LAG-3 (human) monoclonal antibody (11E3) (preservative free)

The lymphocyte activation gene-3 (LAG-3, CD223), a member of the immunoglobulin superfamily (IgSF) related to CD4, binds to the major histocompatibility complex (MHC) class II molecules but with higher affinity than CD4. Several alternative mRNA splice-variants of human LAG-3 have been described, two of them encoding potential secreted forms: LAG-3V1 (i.e. the D1-D2 domains of the protein, 36 kDa) and LAG-3V3 (D1-D3, 52 kDa). The longer form was detected by ELISA in the serum of healthy individuals as well as of tuberculosis patients with a favorable outcome. LAG-3 expression by T cell clones correlated with IFN-γ production, and hence soluble LAG-3 has been suggested as a serological marker of Th1 responses.

Western blot analysis of LAG-3 mAb (11E3) (Prod. No. ALX-804-805PF): Lane 1: MW marker, Lane 2: LAG-3 (human):Fc (human), (recombinant) (Prod. No. ALX-522-078).

SDS-PAGE analysis of ALX-804-805PF: Lane 1: MW Marker, Lane 2 and Lane 3: 2µg of LAG-3 (human) monoclonal antibody (11E3) (preservative free), resolved under reduced and non-reduced condition.

Handling & Storage

Handling	Avoid freeze/thaw cycles.
Short Term Storage	+4°C
Long Term Storage	-20°C
Shipping	Blue Ice

Regulatory Status

RUO - Research Use Only

Product Details

Alternative Name	Lymphocyte activation gene-3, FDC protein, CD223
Application	ELISA, FUNC, ICC, IHC (FS), IP, WB
Application Notes	Functional Application: Inhibition.
Clone	11E3
Formulation	Liquid. In PBS containing 10% glycerol.
Host	Mouse
Immunogen	Recombinant human LAG-3 (lymphocyte activation gene-3).
Isotype	IgG1
Recommendation Dilutions/Conditions	ELISA (capture)Immunoprecipitation (10μg/ml)Western Blot (5μg/ml)Suggested dilutions/conditions may not be available for all applications.Optimal conditions must be determined individually for each application.
Source	Purified from the hybridoma culture supernatant by Protein G Fast Flow Column.
Species Reactivity	Human, Monkey
Specificity	Recognizes the first N-terminal D1 domain of LAG-3.

UniProt ID P18627
