Handling & Storage

Long Term Storage	-20°C
Shipping	Blue Ice

Regulatory Status

RUO - Research Use Only

Product Details

Alternative Name	Proteasome subunit α type-5, Macropain ζ chain
Application	IHC, IP
Clone	HP903
Formulation	Liquid. In PBS containing 10mM sodium azide.
Gene/Protein Identifier	PSMA5 (gene name)
Host	Mouse
Immunogen	Human erythrocyte-derived proteasomes.
Isotype	IgG
Purity Detail	Partially purified ascites.
Species Reactivity	Human
Specificity	Recognizes the α5 subunit of the 20S proteasome.
Technical Info / Product Notes	Various systems for the nomenclature of the proteasome subunits have been established. This may be a source of confusion as the system on UniProt differs from “standard” nomenclature as described in the literature. The UniProt ID and Gene Name will help to clearly identify the proteins.
UniProt ID	P28066
Worry-free Guarantee	**This antibody is covered by our Worry-Free Guarantee .**
